THE CUP DEFENDER

The Reliance Inflicted Such a Defeat on the Columbia as It Never Had Suffered.

RAN OVER A COURSE OF 25 MILES

The Reliance Showed Itself to Be the Better Boat, Beating the Columbia Nearly Eight Minutes.

Course Was Triangular 11 Miles Along Long Island Shore, Three Miles Across the Sound and 11 Miles Back to the Finish Line.

New York, May 22.—By a combination of good luck and splendid sailing qualities the new cup yacht Reliance Thursday inflicted such a defeat on the former cup defender Columbia as it never had suffered, leading it over the finish line of a 25 mile course off Glen Cove by 14 minutes and 43 seconds, official time.

Not all of the glory of the victory was fairly earned by the new boat. If it had been there would have been no doubt that the Reliance would be the next cup defender. But, despite the Columbia's ill luck, the Reliance convincingly showed itself to be the better boat. It had defeated the Columbia nearly eight minutes in a broad reach of 11 miles in fluky breezes, defeated it one minute and 15 seconds running free for three miles in a steady 12 knot breeze and 4 minutes and 15 seconds in an 11 mile thresh to windward close hauled in a 15 knot southwester. This timing is unofficial and allows for Reliance 55 seconds advantage at the start. When the Reliance crossed the finish line the Columbia was miles astern.

The first leg of Thursday's race suffered to develop surprising drifting qualities in the Reliance. Only once in the whole race did the Columbia gain on the Reliance.

The race was an exasperating start and a flying finish. The course was triangular 11 miles along the Long Island shore, three miles across the sound and 11 miles to the finish line. There was not more than a two knot breeze when the starting gun was fired at 1:55 o'clock.

THE MONITOR ARKANSAS.

She Arrives At Cairo After Many Narrow Escapes Owing to Low Water.

Cairo, Ill., May 22.—The monitor Arkansas arrived in the Cairo harbor at 12:30 p.m. She is coaling here and will remain until Friday. In an interview with Commander Vreeland he stated that in many places between Cairo and St. Genevieve the boat encountered a stage of only 13 feet of water, and as she was drawing 12 feet many narrow escapes were experienced. No damage was done to the Arkansas on the way down, and she is in a first class condition. The most critical point was at Dog Tooth Bend, a few miles above Cairo, but the boat succeeded in getting over the low bars without grounding. Capt. Henry Hartee, who is piloting the Arkansas to the gulf, says he will experience no trouble on the journey down as the water is now high enough to float the Arkansas in safety.

BUTTON FARCY.

The Husband Dead and the Wife Dying of the Dread Disease.

Grand Forks, N. D., May 22.—Physicians report that on the farm of John Peterson, west of Northwood, all the stock is suffering from button farcy, a type of glanders. The disease has also attacked the human inmates of the place, Peterson being dead and his wife so ill that recovery is doubtful. There are eight or ten children in the family and all of them have been exposed to the malady.

STEERABLE BALLOON.

Santos Dumont Made a Successful Ascent at Neuilly.

Paris, May 22.—Santos Dumont made a successful ascent in his steerable balloon at Neuilly Thursday in the presence of 3,000 spectators. The balloon proceeded to the Bois de Boulogne, where a number of evolutions were gone through amid the applause of the spectators. After maneuvering for half an hour at a height of 600 feet above the polo grounds, Dumont returned to Neuilly.

No Rain For Five Weeks.

New York, May 22.—Dispatches from various parts of this state report that no rain has fallen for five weeks and that vegetation is withering and pasture has become scant. Market gardeners fear severe losses unless rain shall come soon.

ONE FEUD ENDED.

The Reason is That Only a Single Member is Now Surviving.

Sergent, Ky., May 22.—"Boys, I'm killed; better give up," were the words with which John Roberts sought to end a feud of many years' standing. The Roberts and Gardner families have long been at odds, and a few days ago the Roberts side sent a challenge to the Gardners. Thursday they met at a "blind tiger," and indulged freely in liquor before beginning hostilities. When the shooting began John Roberts fell, advising his friends to quit. For 20 minutes, however, the fire was kept up. Finally Flex and Wm. Gardner fell mortally wounded, and Will Roberts, brother of John, the only surviving member of the Roberts family who was unhurt, has declared himself satisfied.

SAYS HE'S A NICE MAN!

She Is Now Sorry She Sued Grubbs For Breach of Promise.

Frankfort, Ky., May 22.—The case of W. E. Grubbs vs. Nancy Vance, from Boyle county, recently affirmed by the court of appeals, is a breach of promise suit in which Miss Vance secured judgment in the lower court for \$300. She has just written to the court of appeals asking that the Grubbs petition for a rehearing be granted or else "just drop the case," as she says. Grubbs is a nice man; that her conscience hurts her and she does not want his \$300. Of course, the court can take no cognizance of her letter, but if she wishes to do so she can give the \$300 back to Grubbs when he pays it to her by order of the court.

A HORRIBLE DEATH.

A Fourteen-Year-Old Lad Suffocated in a Wheat Bin.

Henderson, Ky., May 22.—A horrible death by suffocation in a peculiar manner was the fate of Herman Edwards, the 14-year-old son of Dr. C. M. Edwards, at Sebree. The boy dropped his hat in a wheat bin at the flouring mill there and when he went in to get it 500 bushels of wheat were turned in and buried him. Two hours later he was taken out a corpse. His companion, young Henry Ashby, met a tragic death only last week by being shot as a supposed intruder at a neighbor's home.

Part of a Meteor Found.

Owingsville, Ky., May 22.—What is unquestionably the heart of the great meteor of last November 15 was found near Harrington Rock, this county, by Hugh Pergram while hunting. The meteor had torn its way through the branches of a tree, demolishing them and almost burying itself from sight in the ground. It is about 18 inches in diameter and 64 inches in circumference, and its weight is estimated at 500 pounds.

Lexington Jews Aid.

Lexington, Ky., May 22.—Messrs. Henry Lovehart, Jake Shubinski and Simon Ades, who were appointed a committee by Jewish residents here to solicit funds for the relief of their suffering countrymen in Russia, announced Thursday that they had collected \$117, and when \$150 is reached the money will be sent to Russia.

Residence Struck By Lightning.

Covington, Ky., May 22.—The large three-story frame house on Prospect street near Taylor avenue, Bellevue, Ky., was struck by lightning about 10 o'clock Thursday night and burned to the ground. The house was occupied by Gus Schoffeld and family, A. Trimmer and family and another family.

Her Husband Disappeared.

Owensboro, Ky., May 22.—Mrs. N. M. Dowell, of Louisville, married four months, arrived here Thursday in search of her husband. He has not been seen for three days, and opinion is divided as to whether he has left for parts unknown or has committed suicide.

May Need Two Companies.

Frankfort, Ky., May 22.—Gov. Beckham is still in Owensboro, and at the adjutant general's office it is announced that so far no orders have been issued to send troops to Breathitt. It is believed that Judge Redwine will request at least two companies of soldiers.

Shot By a Boy.

Middlesboro, Ky., May 22.—John Moore, aged 24, a railroader, was shot and killed by Edgar Ball, aged 18, in Shelby Turner's saloon here. Ball was shooting at another person. Moore came here from Williamsburg, where his brother is commonwealth's attorney.

Rome, May 22.—Commerce Minister Baccelli distributed among members of the chamber of deputies the bill providing for the official participation of Italy in the St. Louis exposition and appropriating \$100,000.

INDIANA STORMS.

The Damage to Buildings and Crops Will Reach Many Thousands of Dollars.

WIRE SERVICE ALMOST PARALYZED

Buildings Struck by Lightning and Burned and There Were Several Narrow Escapes by Occupants.

At Lebanon No Communication Can Be Obtained With the Surrounding Country To Ascertain the Extent of the Damage.

Indianapolis, Ind., May 22.—A heavy storm swept over Indiana Thursday afternoon between 3 and 4 o'clock. Wire service has been almost paralyzed and damage to buildings and crops will reach many thousands. Buildings were struck by lightning and burned and there were some narrow escapes by fleeing occupants. The principal damage was done by lightning.

At Lebanon, Ind., trees were blown down, outbuildings destroyed, the wire service paralyzed, and no communication can be obtained with the surrounding country to ascertain the extent of the damage.

The roof of the Perkins hotel, the largest in Lebanon, was torn off and there were several narrow escapes from death. The new street car barns were blown down and windows broken in all parts of the town.

At Elwood, Ind., the storm did damage to the amount of \$20,000. Three barns were struck by lightning and burned. The new car barns being built by the Union Traction Co. were destroyed by fire caused by lightning, and the large barns of George Abbott were burned. Two miles south of the city the barn of Anthony Chamness, with all its valuable contents, was destroyed by fire after being hit by a lightning bolt. Four men and a boy who were in the barn when it was struck were stunned and carried out before the barn roof fell in. The machinery and grain stored in the barn were burned.

At Crawfordsville there was a high wind, but no damage except to shade trees. No lives have been reported lost.

FOUR HOUSES BLOWN DOWN.

Farmer's Wife Blown Against Barbed Wire Fence and Killed.

Chickasha, I. T., May 22.—A tornado Thursday passed over Lone Wolf, 65 miles west of Chickasha, on the Man-gum branch of the Rock Island. Four houses were blown down and their contents scattered. Mrs. Hagan, wife of a farmer, was blown against a barbed wire fence and killed. The tornado wrecked telephone and telegraph wires, destroying trees, fences, outhouse and killing stock.

A HISTORIC TREE.

One Planted by Abraham Lincoln Wrecked by a Storm.

Springfield, Ill., May 22.—The historical tree planted by Abraham Lincoln in front of the old Lincoln homestead fell Thursday during a heavy wind and rainstorm which tore down a number of trees. It was the last tree planted here by the hand of the martyred president, shortly after his election to the presidency. It will be cut up and carted away.

The Third Cyclone.

Salina, Kan., May 22.—The third cyclone in Salina county within the last 24 hours struck Assaria Thursday night. William and Peter Olson were killed and a dozen or more were injured. No one was fatally hurt. Houses were upset and wheat was injured by rain and hail.

Tornado in Nebraska.

Ord, Neb., May 22.—Word has come that a tornado Thursday night visited the farming country east of Ord. Houses and outbuildings were wrecked. There were no fatalities. Telephone wires are down in all directions. There have been heavy rains and many washouts.

Wrecked by a Cyclone.

Ashland, Kan., May 22.—The best residence portion of Ashland was wrecked Thursday by a cyclone. A score or more houses were destroyed. No one was killed but several persons were injured. Great damage is reported from the country.

Henderson, Ky., May 22.—M. I. Schaeffer, a farmer, was found dead on the island below this city Thursday morning. The coroner thinks a ruptured blood vessel caused his death.

THE Morehead Mountaineer suggests as a suitable man to make the race on the Republican ticket for Attorney General the Hon. W. G. Dearing, of Flemingsburg. This will strike our erstwhile Democratic neighbor as being just the proper thing. W. G. is ever ready to sacrifice himself on the G. O. P. altar.

Too officious officials at Maysville, Ky., refused a fond couple a marriage license. Why? Simply because, as claimed, they were too old, he being ninety and she shy fifty-three. This is simply intolerable, and in Kentucky, too.—Times Star.

The Times-Star was misinformed. The license was not refused on account of the couple's age. The prospective groom was too seriously embarrassed, financially. And then the license would not have bettered things, as those who were solicited to perform the ceremony refused to tie the knot because the couple were already charges on the county.

The Democrats of this district will soon be called on to nominate a candidate for Railroad Commissioner. Hon. R. K. Hart, of Flemingsburg, has been favorably mentioned in connection with this race, and if he is inclined to enter the contest, he will have the Ninth Congressional district solid for him. Mr. Hart is a man of affairs, and is well qualified in every way for the office. The district is generally regarded as safely Republican, but with a strong candidate to lead them, and with a united party behind him, there is no telling what the Democrats might be able to accomplish next November.

THE PROPOSED TRACTION LINE TO MT. OLIVET.

Maysville is to be congratulated in taking steps to develop her trade with the country south and southwest of the city. It is high time she did something and something handsome, too. Her supremacy is challenged. If the proposed railroad from Brooksville to the mountains goes through, Maysville will soon discover the fact. That railway will tap some of the richest territory in Mason County whose trade has been coming to Maysville. It is pity Maysville has not awakened to the fact before. Trade has to be fostered to be kept and made to grow. Sardis and Mt. Olivet have been under great disadvantages. Take, for illustration, the one article of coal. It costs as much to haul coal to Mt. Olivet as the coal costs at Maysville.

This proposed trolley line ought to be and will be a paying institution. It will pass through a rich agricultural tract of country. There are immense quantities of tobacco, corn, wheat and hay raised and shipped. The egg and poultry business is simply enormous. If the proposed company will be fair and reasonable in their charges it will have the trade.

The line can be operated cheaply. The water power at Murphysville can be made to generate enough electricity to run the traffic at least eight months in the year.

Judging from the experience of other places it will greatly increase the price of land and other property on the route.

The line is loudly called for. Mt. Olivet is determined to have an outlet. She has borne her isolation long enough.

For a county seat to be shut out from the world, had to do at the beginning of the nineteenth century, but it will not do at the beginning of the twentieth. It is a matter of life and death for her.

If Maysville knows the day of her salvation she will not permit such valuable trade to be deflected to other points. She has the trade now. Wise measures will keep and increase it, but there must be no delay. Altogether the scheme appears to have a brilliant prospect. Success to it.

\$1 and \$1.50 Crepe Mistral

55c. and 75c.

Crepe fabrics stand at the very front of popular favor. Crepe Mistral is a beautiful open weave—a thread of mohair spun with the wool, giving a snap and sparkle that is most effective. To secure this beautiful fabric at half price, or near it, is quite remarkable so early in the season, but such is the offering we make to-day. The collection is in two widths, as follows: \$1 quality, forty inches wide, 55c. a yard. Black, cream, navy blue. \$1.50 quality, fifty-five inches wide, 75c. a yard. Black, cream, royal blue, gray, reseda, castor.

\$1.00 Foulards For 75c.

Foulard is a silk whose popularity never wanes. Hence this offering means good fortune to the women who share it. Think of beautiful panne, taffata and broche foulards in the prettiest designs and colors, a full fourth under value. Gray, black-and-white, blue, rose, reseda.

DEATH IN DUST.

The First Move is to Clean the Streets and Then Keep Them Clean.

[Louisville Post.]
The dust of the streets is more deadly than the mud of winter. In the winter we may close our houses and shut out the wind, but one can shut out the dust.

During the past two weeks the dust has been especially disagreeable, and it is clear that the city authorities do not know how to deal with it.

We send the police into the back yards of the city to inspect and report, while the street gutters are clogged with dirt and the street cleaners, with a broom that never sweeps clean either when old or new, merely stir the dust, so that it will scatter over the sidewalks or fall on the passersby.

Yesterday afternoon the wind rose with promise of rain, and the city was enveloped in a cloud of dust.

The Water Company has been refusing water to sprinkling companies, and the Tramway Company has been trying to buy out its competitors. The street railway is one of the largest stockholders in the Tramway Company.

A few mild rules and regulations would remedy all the trouble. To keep down the dust the first necessity is to keep the streets clean; not partly clean a part of the time, but clean all the time.

On the well paved streets with fire hydrants this is not difficult.

Along the lines of street car, with the city owning the Water Company, nothing is easier than to sprinkle the streets, and it is a crime against the public health not to do this.

The proper utilization of their resources by the city authorities and the co-operation of those citizens who have the facilities for watering their own streets, would greatly promote the health and comfort of those citizens who have to live in Louisville all the summer.

AT MIDDLESBORO.

1. O. O. F. Grand Encampment Will Meet Next Year—New Officers Include Some Maysvillians.

PADUCAH, Ky., May 20.—The Grand Encampment, I. O. O. F., of Kentucky, met in annual session here to-day with an attendance of about one hundred, closing to-night with a banquet.

Middlesboro was selected as the next meeting place and the election of officers resulted as follows: William Todd, Middlesboro, Grand Patriarch; C. P. Scott, Grand High Priest; Enoe Basye, Louisville, Grand Senior Warden; J. L. Brawner, Mt. Sterling, Grand Junior Warden; R. G. Elliott, Lexington, Grand Scribe; Geo. W. Morris, Louisville, Grand Treasurer; William H. Cox, Maysville, Grand Representative; H. C. Curran, Maysville, Grand Marshal; G. Z. Umbaugh, Paducah, Grand Sentinel; E. D. Paton, Paris, Grand Outside Sentinel.

Portland, Ore., May 21.—When the president reached City Park, 25,000 persons had assembled to see the laying of the corner stone of the Lewis and Clark monument. The spot where the monument is to be erected is an elevation 200 feet above the city, commanding a fine view of the Willamette river, Mount Hood, Mount St. Helens, Mount Adams and other snow-capped peaks of the Cascade range.

FOUND SAWs IN CELL.

Maysville Negroes in Jail at Covington Caught Planning to Escape.

[Covington Item in Enquirer, Thursday.]

An attempted jail delivery was frustrated by Turnkey Fred Maurer last night. Confined in the bastile are Thos. Mann, Edward Morris and Charles Sanders, all negroes from Maysville, charged with robbery and attempting to kill a farmer named J. B. Farrow, who lives about ten miles from Maysville.

Morris and Mann occupy a cell on the first floor of the jail, while Sanders, who has turned State's evidence, is locked up on the third floor. The turnkey learned that Mann had been tampering with the locks and kept a close watch. Yesterday Mann and Morris laid in their cell the most of the day. Maurer suspected something wrong. He made a thorough investigation, and was rewarded by finding a new saw hidden away in a cell occupied by the prisoners.

The turnkey also found a key fashioned out of a piece of heavy wire. Maurer is at a loss to know how the prisoners got hold of the articles found.

On account of the funeral of the late John W. Power, the First National Bank will be closed this afternoon at 1:30 o'clock.

Mrs. T. C. Robinson, of Winchester, a sister of Mrs. John H. Hall, is enjoying much better health after a month's treatment in a hospital at Lexington.

The infant daughter of Mr. and Mrs. Thomas Gibbons, of Minerva, died last evening at 8:25 o'clock, of brain fever, aged seventeen months. The funeral will take place Saturday at 10 a. m. at the home. Interment at Washington.

The remains of Mrs. Patrick Swift, whose death was mentioned Thursday, in Covington, will be here on the 1:30 train to-day and will be taken to the home of her daughter, Mrs. Thomas Greely. Mrs. Swift leaves five daughters—Mrs. Martin O'Neal and Mrs. Dan Henry, of Lexington, Mrs. Wm. Newman and Mrs. Jim Lillie, of Covington, and Mrs. Thomas Greely, of this city, and one son, William. Funeral from St. Patrick's Church Saturday at 9 o'clock. Interment in Washington.

Dr. Edwin Matthews, of the Maysville Telephone Company, was at Lexington Wednesday attending a conference of representatives of a number of independent lines. The meeting was for the purpose of considering plans for the closer connection of the various independent companies, for better and more extensive toll arrangements, and for the construction of new plants at Richmond, Harrodsburg and one or two other smaller places which have as yet no independent companies. The question of installing a new independent exchange in Georgetown where the independent company is reported to have been purchased by the East Tennessee Telephone Company was also considered. A committee was appointed to formulate definite plans and call a general meeting in the very near future of representatives of all the independent companies.

Mr. John M. Gordon, for years a Ruling Elder of the First Presbyterian Church of Louisville, died suddenly Wednesday evening while at prayer meeting. As the last strain of the hymn "It is Well With My Soul" was being sung, he fell over and expired almost instantly. Mr. Gordon was an uncle of Miss Fannie J. Gordon of this city, and was one of Louisville's leading citizens.

Good rains have fallen generally throughout Kentucky this week. Nearly an inch fell here last night, the precipitation amounting to .98.

UP THE OHIO SIDE.

Cincinnati and Eastern Traction Road to be Extended Along the North Bank of the River.

[Higginsport Hornet] Higginsport will not be left out on the railroad question, but it will not be long until a trolley road will be built from New Richmond through Higginsport and on up the river.

It will not be long until the people along the line up as far as this place will be called upon to say what they will do in the way of a right of way for the road.

The right of way has been secured from New Richmond to a point above Moscow, and the work is still going.

The company that has this in charge is not making any blows about what it is doing, but is quietly "sawing wood."

This route is the most logical of all talked about, as its object is to construct an unbroken line of electric roads from Cincinnati to Pittsburg, and this is the first missing link after leaving Cincinnati.

State Auditor's Agent Watson has effected a settlement with Nellie Williams, executrix of Ezekiel Williams, for taxes on \$6,000 omitted from assessment for years 1897-'98, and \$1,000 for year 1903. This is one of the cases taken to the Court of Appeals, and decided in favor of the Auditor's Agent. Under the settlement, the executrix will pay about \$175 taxes and the costs of the suit.
